- <https://app.globus.org/>

Join our Globus Group

- After you have logged in to Globus, request to join the [Cheap and FAIR Tutorial Users](#) Globus Group.
- This will allow you to access the JupyterHub server used during the tutorial and we'll use it to provision your Globus Guest Collection.
- If you have multiple identities in your account, select your GitHub identity. If needed, enter your name and organization, and acknowledge the example Terms and Conditions.
- After you request to join the Group it will be approved by the instructors.
